All assigned voluntary choices, by panel, delivery and intervention

Decision: readiness failed. Task readiness: FAIL; audit readiness: FAIL.
Complete/integrity verified. Sham: PASS; engagement: PASS; receipts: PASS.

576 choice slots; two menus retained in each bar. Labels are counts for segments≥3; all counts are exported.
S +0.5/+1.0 are multiples of the frozen full corpus-A contrast norm, not state or score units.
Capped choices remain capped even if an action parses. Objects-only development; no inner-experience or natural-mediation claim.
